Since I began using Spinal Solutions, I have ordered many late evening and weekend custom TLSO's and TLSO's with thigh extensions needed for my patients. Spinal Solutions has always delivered my custom braces on time. Whether it's ground or overnight shipping, Saturday delivery, or Delta Dash, they never let me down. In my twenty-year career that can't be said for every fabrication facility I've used. I urge you to give Spinal Solutions a try. I feel confident you will be very satisfied with the accurate, quick, and reliable service they provide.
