A simple new product...

...with a long list of benefits

WHAT MAKES THE FUSION 360 UNIQUE?

AMPUTEE BENEFITS

HIGHLY DURABLE

Highly Resistant. Will not puncture, warp, crack, ding, or dent Heat and UV resistant.

STYLISH

Multiple profiles – "CURVE", "SLIM", and "ADJUST" Complements the prosthesis with vibrant color and translucency. Does not cover or hide custom paint or laminated socket designs.

SECURE

No straps, buckles, glue, or magnets to come loose.

LIGHT WEIGHT

8oz. compared to 3D printed covers that weigh up to 3x as much.

SIMPLE

One/Two piece tubular housing with silicone end seals.

COLORFUL

7 translucent colors to choose from to compliment custom sockets. Color match the socket and FUSION 360 COVER™ with any paint!

PROTECT

No more injuries to sound limbs from exposed sharp edges, nuts and bolts.

PRACTITIONER BENEFITS

QUICK & EASY

Easiest prosthetic cover to INSTALL! 15 minutes or less.

ADJUST

Alignment changes made easy. No more dreaded alignment changes with glued on covers.

VACUUM SYSTEM COMPATIBLE

Works great with today's vacuum systems. (Harmony vacuum pumps and Ossur Unity system)

ECONOMICAL & PROFITABLE

1/3 cost of typical 3D printed covers on the market. Reimbursable by insurance. L5704 or L5962

NO LIMITATIONS

Fits AK's and BK's! Custom fitted and available. Can be fitted to active patients.

BRAND YOUR COMPANY

Add your company logo or tagline to cover or bands.

RESISTANT

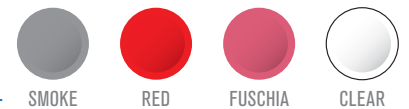

Protect componentry from the elements.

FIT IN ONE APPOINTMENT

Stock your favorite profiles and colors. Deliver the prosthesis with a cover every time.

PICK A COLOR POP IT ON!*

SUGGESTED CODING
L5704 OR L5962 (NON-MEDICARE)

* NOTE - LIGHT SCRATCHES MAY BE PRESENT ON OUTSIDE OF HOUSING FROM PRODUCT ASSEMBLY *ALL COLORS NOT AVAILABLE IN EVERY MODEL
* 90 DAY WARRANTY ON SILICONE END SEALS - RESTRICTIONS APPLY - SEE ADHERENCE TO SPECIFIC INSTALLATION INSTRUCTIONS AND WARRANTY DETAILS
